

Product Specifications

Product Name		Magnesium (Mg) Sputtering Targets
Chemical formula		Mg
CAS Number		7439-95-4
QSAM supplier item code		DPME12ST
Product type		Single element
Purity range		99.9% ~ 99.99%
Diameter	Min.	0.5"
	Max.	18"
Relative density		95%
Boiling point		1107°C
Melting point		651°C
Appearance		White solid, no odor
Backing plate and bonding		Cu or Mo backing plate with indium bonding
Typical lead time		2 weeks
